

Tufts University School of Dental Medicine

**All TUSDM Students, Faculty and Staff
Are invited to attend a Panel Discussion on**

Women in Dentistry: Rewards, Challenges and Pitfalls

**Hosted by the TUSDM Women in Dentistry Committee and
moderated by Dr. Maria Papageorge. Our panelists will include:**

Dr. Sujev Morgan, Assistant Professor Prosthodontics

**Dr. Shuchi Dhadwal, Division Head of Craniofacial pain, Department of Diagnostic
Sciences**

Dr. Athena Papas Division Head of Oral Medicine, Department of Diagnostic Sciences

**Dr. Aikaterini Papathanasiou, Program Director, Advanced Education in Esthetic and
Operative Dentistry Department of Prosthodontics**

Our panelists will explore topics on:

- **Balancing a career, family, and personal well-being**
- **The personality traits that make dentistry as a career choice an excellent one for women and the particular challenges women with these personality traits will face in their personal lives and relationships**
- **The unique challenges female dentists experience at work and at home**
- **What women have found helpful in balancing a career in dentistry**
