Dear Nadine, Valerie, Jasmine,

Thank you for teaching us how to maintain our teeth clean and healthy. There were a lot of information that I haven't ever known and they all are very helpful for me. One of the anxieties when we live in Boston is "Teeth" because it isn't covered by our insurance if we need treatment. I'll try to keep good teeth with the technique you taught me!

Thanks again,

Dear Tufts dental friend.

Thank you so much for this useful presentation. You were very friendly and cool and explained very important points about using teeth brushing and dental floss.

I understood I did brush by mistake ^{for} many years.

Also I really decided drink less Coca and something that have a lot of sugar.

Thank you so much for guiding us about tooth health

Best
